Games Escape Room Scholarship

ABOUT THE BREAKOUT GAMES ESCAPE ROOM SCHOLARSHIP

This semester, Breakout Games will award four \$2,500 Breakout Games Escape Room Scholarships to support the education of those who are interested in a field of study and exploration that brings people together through fun, games and experiential entertainment. In keeping with our mission to help people escape ordinary through creativity and problem solving, this scholarship is meant to support those looking to take this mantra to the next level.

Although the scholarship is not limited to any particular area of study, those who apply might be interested in pursuing a degree in game design, computer coding and entrepreneurial leadership.

Scholarships will be awarded on the basis of academic merit, creativity and relevance of future goals the applicant is pursuing. One scholarship will be awarded to one individual each month. If an applicant is not awarded the scholarship for one month, they are eligible to reapply in the subsequent months.

“The experiential entertainment space is exploding right now, but those looking to pursue a career in this field might not see it as a viable career path since it’s a non-traditional area of study. We hope to help change that by supporting the education of those who are interested in immersive gaming and beyond through the Breakout Games Escape Room Scholarship.”
-Bryce Anderson, Co-Founder of Breakout Games

HOW TO APPLY

To apply, visit breakoutgames.com and select the location closest to you. On the website there will be a section detailing the scholarship. In the spirit of our company, applicants will be required to solve a puzzle in order to “unlock” the scholarship application. Application deadlines are the last day of each month: February 29, March 31, April 30 and May 31.

ABOUT BREAKOUT GAMES

Founded in 2014, Breakout Games is a leader in the growing escape-room industry, offering live-action entertainment at 44 locations in 28 states. Each Breakout escape room features multiple hour-long scenarios where visitors must crack codes, discover clues and solve puzzles in order to “escape” along with family, friends and coworkers. Building upon the success of its interactive, beat-the-clock adventures, Breakout Games recently launched Dispatch, a monthly subscription-based crime mystery game that is designed to be solved right at home using physical clues and interactive websites. To learn more about Breakout Games and Dispatch by Breakout, please visit breakoutgames.com.
