

### **Loan Adjustment Form Addendum**

This addendum is to serve as recognition by the student signor that by claiming 100% federal aid eligibility in one semester there will be no federal aid eligibility remaining in any subsequent semesters attended at the University of Maryland Eastern Shore within the same academic aid year.

The Office of Student Financial Aid (OSFA), at the request of the student signor, will adjust the award package of said student signor to reflect 100% federal financial aid eligibility in the **Fall 2020** term. This is done with the expectation that said student signor will graduate at the end of the **Fall 2020** term. In addition to submitting a Loan Adjustment Form, the student signor has provided the OSFA a verification of graduation candidacy.

By signing this document, the student signor agrees to receive all federal aid he/she is eligible for in the **Fall 2020** semester and forfeit **Spring 2021** federal aid eligibility at the University of Maryland Eastern Shore (UMES)

**This form will not be routed for processing without a copy of your approved graduation application from the Office of the Registrar.**
